WILDTHINGSGIFTS.COM

wild things[®]

Welcome to the new Wild Things catalogue.

We don't like to toot our own trumpet (okay, we do a little) but the quality of our designs and manufacturing has resulted in us growing exponentially over the past few years.

Today, we're one of the best-loved wholesale stockists for gift outlets across the UK.

Our aim is top quality design at an affordable price, with the best customer service we can achieve.

Virtually all our products are designed in-house and exclusive to us, with most being made in and around Exeter. Our components are premium, our quality-checking is second to none.

To buy from Wild Things is to buy with confidence – whether you're a newcomer or a longstanding customer, we hope you enjoy discovering the new designs within these pages.

EVOLUTION OF A RAINBOW MAKER

ALWAYS RAINBOWS!

BERKELEY YEARS - DIFFRACTION GRATINGS

California Dreamin' indeed. Wild Things has its origins in the 1970s, in the daily craft market on Telegraph Avenue in Berkeley California, where the founder made and sold jewellery and other items using rainbow making diffraction gratings.

LEAMINGTON YEARS - HOLOGRAPHICS

May 1979 in Britain. No money. Desperation! Form AH Prismatic (Aging Hippy since you ask) with 2 friends. The height of the badge craze. November. Homesick. Back to Berkeley. Back in the UK in 1984 via a year in Toronto. AH Prismatic are extremely successful. Diffraction Gratings have merged with holography... We supply them with Laser Earrings - which make rainbows when the light hits...

AND SO TO DEVON

To start again after AHP go bust. Holographics no longer available. Try all sorts of avenues. Develop hand made jewellery selling to Liberty's amongst others. Struggles. Finally, combine jewellery designs with crystals - and focus on Rainbow Making again! Business takes off. Phew!

2020 A GREAT START

Our best Spring Fair stand ever, and the chance to meet up with our many friends from across the gifts industry...

AND THEN....

... little did any of us know that the world was about to turn upside down and it would be our last gathering for a while.

THE YEAR OF THE RAINBOW

To say that 2020 was an emotional year would be an understatement. But amidst all the turmoil and anxiety, one sentiment shone through – gratitude, as symbolised by the rainbows seen in windows up and down the country.

Our thanks to all those who worked tirelessly to get us through the pandemic will resonate long after things return to semi-normality.

As for us, we eagerly look forward to seeing you in September at the Autumn Fair
